DPD-4675-59

8 July 1959

MEMORANDUM FOR: Real Estate and Construction Division  
Space Maintenance and Facilities Branch

ATTENTION :

[Redacted]

25X1A

SUBJECT : Re-location of Light Switch

1. It is requested that the light switch, located in Room 530, 1717 "H" Street, be re-located to Room 546 where the light fixtures controlled by the switch in Room 530 are actually located. At present a problem is created due to the fact that when a conference is being held in Room 530 it is sometimes impossible, for security reasons, to enter the room when access to the switch is required.

2. As an alternative to the above, request that light fixtures with pull-cords be installed in Room 546.
